

2020-2021 STUDENT SUCCESS PLANNER

Choctaw Nation

Education Services

The Choctaw Nation of Oklahoma continually strives to create jobs and economic growth to be able to offer a variety of programs and resources for our Choctaw members. It is our goal to provide opportunities to our members that will help them achieve success for generations to come.

Vision

Living out the Chahta spirit of faith, family, and culture.

Mission

To the Choctaw proud, ours is the sovereign nation offering opportunities for growth and prosperity.

The High School Student Services program is a terrific opportunity for student success. The program proudly serves more than 3,000 students each year and assists them with college, trade school, or workforce information during and after high school.

All the best,

Chief Gary Batton

Assistant Chief Jack Austin, Jr.

Dear High School Student Services Participant,

The Choctaw Nation High School Student Services program would like to take this opportunity to thank you for taking an active role in your education. Our program serves students in grades 9th – 12th who are Choctaw Tribal Members. The goal of the program is to assist our Choctaw students with academic information to promote education and/or career path beyond high school.

We realize that finding resources can be overwhelming for students and parents alike. Educational advice is essential in preparing students for life after high school and it is important to begin planning early. The High School Student Services program has put together this Student Success Planner as a resource tool to assist Choctaw families as they begin planning for life after high school. I encourage you to review this planner and utilize the information in the book as you make decisions about the future.

Remember, the High School Student Services Program plays a critical role in linking students to various Choctaw Nation education programs. If at any time you have questions, please feel free to call our office. We look forward to meeting you throughout the school year.

Sincerely,

High School Student Services

Halito!

The Choctaw language is the heart of the identity of the Choctaw people. It encompasses the native spirit of our celebrated ancestors and awakens the desire in younger generations to persevere.

The School of Choctaw Language utilizes the talents of 19 teachers certified by the State of Oklahoma with various areas of expertise, including the language and culture of our Choctaw people. Our teachers believe that a strong will to learn can ignite the passion for learning the Choctaw language. Our teachers have developed a curriculum based on the world language standards established by the Oklahoma State Board of Education, which is taught in public schools and colleges around southeastern Oklahoma.

The Choctaw classes are taught through the distance learning system to 41 public schools, two colleges, and carry a world language credit. The Choctaw language is also taught to students in 14 Head Start Centers throughout the Choctaw Nation.

Additional classes are taught in 28 communities throughout the Choctaw Nations' 10.5 counties and at two locations in California.

The School of Choctaw Language also offers online internet language classes that are taught during the day and evenings. The language department also utilizes choctawschool.com, featuring, "learn at your own pace" lessons with sound clips provided by first-language Choctaw speakers. We also offer free "Lesson of the Day" emails that are delivered straight to your inbox.

It is an honor to speak, write, read, and sing the Choctaw language. Begin your language journey with the School of Choctaw Language today.

Educational Talent Search Program

800-522-6170 ext. 2711

Middle school or high school students who will be the first in their family to go to college or any other postsecondary program after high school graduation should join the ETS Program. Let us help you start planning for education after high school. All services are provided to eligible, selected participants FREE of charge! Talent Search's College and Career Counseling Advisors travel to target schools to provide innovative educational activities, workshops, and other services to help participants prepare for postsecondary education. Our target schools assist the ETS Program in identifying 6th-12th grade students who may meet the federal eligibility guidelines and have demonstrated the academic potential and desire to enroll and succeed in postsecondary education.

It's your future. Soon everything will be up to you. You need to become familiar with: the terminology used at colleges, how to find scholarship money, how to navigate a college admissions application, how to complete a FAFSA, how to secure housing and meals on campus and much more. The ETS Program provides educational outreach services geared to motivate and encourage students to maintain high expectations, to remain in school and graduate, to study hard and take the right classes to prepare for postsecondary education.

Examples of Services

- Academic counseling and guidance
- Enrichment activities
- College tours
- Career exploration activities
- Financial aid guidance and assistance (FAFSA)
- College entrance exam preparation workshops (ACT)
- ACT fee waivers
- College admissions application assistance

Eligibility:

- Neither parent has completed a four-year Bachelor's Degree.
- Students must be U.S. citizens.
- Family taxable income on previous income tax forms must meet federal criteria.
- Students must have completed the fifth grade and be between 11 to 27 years old.
- Students must have the academic potential to graduate from postsecondary.
- Students must have a need for ETS Program services.

Educational Talent Search applications can be mailed to your home or you may pick up one from your school counselor's office.

JOHNSON-O'MALLEY PROGRAM

- ◆ The JOM Program provides supplemental funding to contracted public schools within the Choctaw Nation's 10 ½-county service area. These funds are used to meet the specialized and unique educational needs of eligible students. Eligible students are Native Americans from age 3 through grade 12, who are verified as members or whose parents are members of a federally recognized tribe, except those students who are enrolled in Bureau or sectarian-operated schools.
- ◆ The Johnson-O'Malley Supplemental Indian Education Program Modernization Act PL 115-404, will seek to obtain a complete update of the student count for eligible Native American students while increasing participation around the country from schools and Tribes. It will initiate conversations with the Department of the Interior and BIE regarding the modernization of rules and regulations for Johnson-O'Malley Programs. As well as reinforce the recognition of Tribal sovereignty and the respect of federal treaty rights.

ELIGIBLE STUDENTS

- Native Americans age three through grade twelve
- Verified members or whose parents are members of a federally recognized tribe
- Cannot be enrolled in bureau or sectarian-operated schools
- Live in the 10½-county service area of the Choctaw Nation

BY THE NUMBERS

Choctaw Nation STAR Program

Career and Technical Education Program: Choctaw STEM

580-326-4910 or 580-380-3273

The program provides an array of services to Tribal Members enrolled in science, technology, engineering, and mathematics (STEM) educational fields. This includes financial assistance, career guidance, counseling, and workforce skills development. Our goal is to increase the number of Tribal Members to enter the workforce in these high demand careers. Tribal Members must be enrolled in an approved two-year STEM program or attending a college where prerequisites are required for an advanced degree program, as well as meet other program criteria.

The program also reaches out to high school students during the summer to host academic STEM camps for Choctaw high school students at various locations in the 10.5 county area. This gives students the opportunity to explore different areas of STEM while highlighting the importance of career choices in an interactive atmosphere. Examples of areas featured at camp include: robotics, biomedical, forensic, and digital technology. Career guidance is also offered to students during the camp and follow up.

Choctaw Nation Child Care Assistance Program

The Child Care Assistance Program is a subsidy program that assists eligible low-income, Native American families with their financial obligation for child care. We are often confused with day care; however, we are strictly a subsidy program and do not operate the Choctaw Nation Child Care Centers.

The purpose of the Program is to increase the availability, affordability, and quality of child care services in the 10.5 counties of the Choctaw Nation service area.

Eligibility Requirements:

- Child must be under the age of 13 years of age.
- Child must be a member of a federally recognized Indian Tribe, or a child who resides with an Indian family. The Indian family must include one parent/guardian who is a member of a federally recognized Tribe.
- Child must reside within the boundaries of the Choctaw Nation 10.5-county service area.
- Both parents must be working, in training or attending an educational program.
- Must meet income guidelines based on family size and income.

"I have known a lot of successful people, that other people didn't believe in them, yet they became successful. I've never known anybody that didn't believe in themselves and they became successful."

Women, Infants and Children (WIC)

The Choctaw Nation WIC Program is a federally funded special supplemental nutrition program designed to provide a combination of nutrition education, supplemental foods, breastfeeding promotion and support and referrals for health care to low-income pregnant, postpartum and breastfeeding women, infants and children. WIC has been proven effective in preventing and improving nutrition related health problems within its population. To qualify for this program, you must meet the following criteria:

- Meet the income eligibility guidelines
- Be a pregnant, postpartum (up to six months), breastfeeding woman; Infant (birth to 12 months); or a Child (1 – 5 years)
- Be at a nutritional risk

The foods provided by the WIC program are high in iron, protein, calcium, vitamin A and Vitamin C. The program serves participants in the 10.5 counties of the Choctaw Nation at 14 clinic locations: Durant, Hugo, Antlers, Atoka, Idabel, Broken Bow, Bethel, Smithville, Poteau, Spiro, Stigler, Wilburton, Talihina, McAlester and a WIC Mobile Van.

Breastfeeding counseling and support is provided through the Breastfeeding Peer Counseling Program. The mission of the Breastfeeding Peer Counseling Program is to improve breastfeeding initiation and duration rates; improve long-term health benefits to women, infants and children; and to reduce the incidence of obesity in childhood and later life. The Program provides specialized breastfeeding education, encouragement, and support to pregnant and breastfeeding women. Breastfeeding Peer Counselors do on-site counseling and education, home visits, telephone/texting consultations and contacts, and hospital visits. Breastfeeding classes are offered through this Program at any location in the 10 ½ counties of the Choctaw Nation. For more information about the Breastfeeding Peer Counseling Program, contact 580-916-9140 ext. 83854.

DO YOU HAVE A PLAN FOR COLLEGE?

OKLAHOMA STATE REGENTS
FOR HIGHER EDUCATION

Improving our future by degrees

High School Juniors and Seniors

WHAT'S YOUR PLAN FOR COLLEGE?

Right now, college probably seems a million miles away. But NOW is the best time to start making plans for what happens after high school. You don't have to make any big decisions yet, but the sooner you start thinking about what you're interested in doing for a living, the easier your choices will be later. Where are you headed after graduation? What do you have to do to get there? Don't know where to start? You're not alone! Read this booklet to get some good ideas about how to begin your journey. Then talk to your family and school counselor about your plan for college.

WHAT'S IN IT FOR YOU?

- You'll have the time to explore your interests, discover things you didn't know and set new goals.
- College is fun! You'll meet interesting people and make new friends.
- You'll learn how to learn — how to think critically, solve problems and develop new skills.
- A degree can take you out of a minimum-wage job and into a good-paying career you enjoy. Studies prove it: Continue your education after high school, and you're likely to make more money and enjoy a better life.

OKCOLLEGESTART.ORG

CLICK • COMPARE • CHOOSE

OKcollegestart.org is the official source for planning a college education in Oklahoma and offers interactive tools to help you prepare and pay for college. The website provides information about admission requirements, financial aid and scholarships, college costs and more. You can search by keywords and receive personalized results to compare colleges.

LET'S TALK MONEY

WITHOUT A DEGREE

Let's say you decide to skip college and take a job as a data entry keyer. You'll get paid about \$15 an hour, which is approximately \$2,136 a month or \$25,632 per year in take-home pay.

GROSS PAY

\$2,600 month

less taxes, Social Security and Medicare

TAKE-HOME PAY

\$2,136 month

WITH A DEGREE

Now let's say you take the time to explore careers, go that extra mile and graduate from college with a degree in computer programming. As a computer programmer, you'll make about \$40 an hour. That's \$5,120 a month or \$61,440 per year in take-home pay.

GROSS PAY

\$6,933 month

less taxes, Social Security and Medicare

TAKE-HOME PAY

\$5,120 month

THE MORE YOU LEARN, THE MORE YOU CAN EARN

In fact, according to the U.S. Census Bureau, someone with a bachelor's degree earns about 50% more than someone with just a high school diploma. That makes a huge impact on your monthly paycheck and can help you afford the lifestyle you want.

COURSES TO TAKE

You must take certain courses in high school to graduate and for admission to an Oklahoma public college or university. These requirements will prepare you for college, and you'll learn valuable skills in case you decide to get a job right out of high school.

SUBJECT	UNITS
English	4 units
Mathematics	3 units
Laboratory Science	3 units
History and Citizenship Skills	3 units
Other	2 units
TOTAL	15 UNITS

For more information about the specific courses you must take to earn a "standard" high school diploma, visit OKcollegestart.org. Remember that requirements may change, and they may be different for private colleges and universities, so always check with your counselor for details.

THINK AHEAD

A great way to speed up your college career is to consider earning college credit even before you graduate from high school — as early as your junior year. Taking advantage of opportunities such as Advanced Placement (AP) courses and concurrent enrollment can save you time, tuition, and room and board, and will also prepare you for the demands of college. To learn more, visit [OKcollegestart.org](https://okcollegestart.org) and ask your high school counselor what options are available at your school.

COLLEGE ENTRANCE EXAMS

Visit [OKcollegestart.org](https://okcollegestart.org) to learn more about preparing for college entrance exams and sign up for a free student account to take the free practice tests for the ACT and SAT. Talk to your counselor about taking the ACT and SAT.

GRADES TO MAKE

If you want to attend an Oklahoma college or university, you must meet certain requirements. When you apply for admission, public colleges and universities will look at:

- Your score on a national standardized test (ACT or SAT).
- Your overall grade point average (GPA) and ranking within your high school class OR
- Your GPA in the 15 core courses required for college entry.

For more information about 2019-20 admission requirements for first-time entering students at Oklahoma public colleges and universities, visit [OKcollegestart.org/College_Planning/Prepare_for_College/grades_to_make.aspx](https://okcollegestart.org/College_Planning/Prepare_for_College/grades_to_make.aspx). You can also talk to your school counselor or check with the college(s) you want to attend.

THE CHOICE

Choosing where to go to college is an important decision. Your selection will affect your future and even your success as a student. Here are some things to think about.

- Location: Are you willing to move away from home? Do you prefer a city or country setting? Do you want to live on campus?
- Type of school: Do you want to go to a large or small school?
- Admission requirements: How are your grades and test scores?
- Academics: What do you want to study?
- Financial aid: How much financial assistance do you need? Can the campus provide you with aid (scholarships, part-time employment)?
- Activities: Which campus offers the best options for your interests?

CAMPUS VISITS

Still undecided about which college to attend? Schedule some campus visits to the schools you might be interested in attending. These visits can help you make a more educated decision. While on your campus visits, talk to as many people as you can and don't pass up a chance to ask questions. Use the Making the Most of Campus Visits guide found at UCanGo2.org/publications/HS to make your trip a success.

TYPES OF SCHOOLS AND DEGREES

RESEARCH UNIVERSITY

An institution that grants bachelor's, graduate and professional degrees and offers a wide variety of courses and degree programs. Generally, they have large student bodies and expansive campuses.

REGIONAL UNIVERSITY

An institution that offers bachelor's and master's degrees, and in some instances, associate or professional degrees. They tend to have mid-sized student populations and campuses.

PUBLIC LIBERAL ARTS UNIVERSITY

An institution that grants bachelor's degrees in arts and science fields, including humanities. A public liberal arts university tends to have smaller class sizes that facilitate close interaction between faculty and students.

COMMUNITY COLLEGE

An institution that grants associate degrees for transfer to four-year institutions or for career preparation. They usually offer flexible class schedules with smaller class sizes.

TECHNICAL BRANCH

An institution that grants applied associate degrees, some Bachelor of Technology degrees and a limited number of associate degrees for transfer to four-year institutions. Technical branches have a special emphasis on education and training in technical fields.

CERTIFICATE

A credential awarded for an organized program of study that may or may not lead to an academic degree.

ASSOCIATE IN ARTS (A.A.) OR ASSOCIATE IN SCIENCE (A.S.) DEGREE

A degree awarded upon completion of two years of full-time college work (at least 60 credit hours) that is designed to transfer to a four-year university. The State Regents recognize these two types of associate degrees that transfer to any university.

ASSOCIATE IN APPLIED SCIENCE (A.A.S.) DEGREE

A degree requiring two years of full-time college work (at least 60 credit hours) that emphasizes an occupational specialty and is designed to lead the individual directly to employment. Some A.A.S. degrees may lead to a Bachelor of Technology degree.

BACHELOR'S DEGREE

A degree requiring four years of full-time college work (at least 120 credit hours). The State Regents recognize three types of bachelor's degrees — Bachelor of Arts, Bachelor of Science and Bachelor of (Specialty), such as Music, Education, etc.

To learn more about selecting the right school for you, check out the *Explore Schools* section in the *College Planning* tab at OKcollegestart.org.

PAYING FOR COLLEGE

College costs vary; some institutions are more expensive than others, especially for out-of-state students. Fortunately, the cost of attending an Oklahoma public college or university is among the lowest in the nation. In addition, the availability of financial aid from various sources can make college even more affordable for qualified students.

2019-20 ESTIMATED AVERAGE COSTS FOR RESIDENT STUDENTS

Oklahoma Public Colleges and Universities (30 credit hours)

EXPENSES	RESEARCH UNIVERSITIES	REGIONAL UNIVERSITIES	COMMUNITY COLLEGES	TECHNICAL BRANCHES
TUITION	\$5,072	\$5,616	\$3,330	\$4,091
MANDATORY FEES	\$3,968	\$1,581	\$1,169	\$991

Visit OKcollegestart.org and select *How Much Does College Cost?* on the Financial Aid 101 page in the *Financial Aid Planning* tab for a more detailed breakdown of costs, including room and board.

TYPES OF FINANCIAL AID

There are four different types of financial aid available: scholarships, grants, work-study and student loans. To learn more about financial aid, visit OKcollegestart.org.

WHAT'S THE FAFSA?

To apply for federal financial aid (grants, work-study and student loans), Oklahoma's Promise and the Oklahoma Tuition Aid Grant Program (OTAG), you and your parents must complete the Free Application for Federal Student Aid (FAFSA). You'll need to have your parents' tax return(s) – along with yours – to complete the FAFSA. Even if you don't think you need financial aid (or qualify for it), fill out the FAFSA anyway. Most students qualify for some form of federal financial aid! Complete the FAFSA as soon as possible after Oct. 1 of your senior year and each year you need financial aid for college. Visit StartWithFAFSA.org to find FAFSA completion tools, including video tutorials available in English and Spanish.

FINANCIAL AID CHECKLIST

- Don't wait. Fill out the FAFSA as soon as possible after Oct. 1 of the year prior to every year you need financial aid. Many students don't realize they may qualify for federal aid such as grants, scholarships, work-study or low-cost student loans. Learn more at FAFSA.gov.
- Explore OKcollegestart.org and UCanGo2.org to learn more about paying for college. Start researching the colleges you're interested in and learn what types of financial aid they offer.
- Find out if scholarships are available in the fields you're interested in and what the requirements are, so you can plan early to apply. Scholarships are called "free money" because they don't have to be paid back. Students qualify for scholarships based on financial need, grades, talents and life experiences.
- Ask family members to open an Oklahoma College Savings Plan (OCSP) account by calling 877.654.7284 or visiting ok4saving.org. OCSP offers tax advantages for families, and funds can be used at nearly all colleges and universities in the United States.
- Learn about the student financial aid application process and programs by calling or visiting the websites for the resources listed in this brochure.

TIPS FOR SCHOLARSHIP SUCCESS

- **GO LOCAL.**
Many clubs, civic organizations and churches offer scholarships. If you aren't sure, ask! Applying locally for scholarships means you're competing against fewer people.
- **DO THE "WRITE" THING.**
Many scholarships require an essay, but don't let that discourage you. Scholarships that require essays have fewer applicants, which means you have a greater chance of winning the award.
- **DON'T MISS THE BOAT.**
Apply for as many scholarships as possible and keep track of the requirements for each one so you don't miss out on free money by forgetting to include your transcript or submitting your application after the deadline.
- **DO YOUR RESEARCH.**
Set up an appointment with your school counselor to talk about your scholarship options. Many colleges post available scholarships on their websites. Check with the college(s) you plan to attend to learn about scholarships they may offer.

Check out the
Scholarship Success
Guide in the
Publications tab at
UCanGo2.org.

JUNIOR CHECKLIST

- Take core classes that meet college entrance requirements.
- If you signed up for Oklahoma's Promise in the eighth-10th grade, use the curriculum checklist at OKPromise.org to keep track of your courses, continue to make good grades and stay out of trouble.
- Explore opportunities to earn college credit while still in high school, like concurrent enrollment and AP courses.
- Prepare to take ACT/SAT exams. You may want to take these more than once to raise your score. Visit OKcollegestart.org to take free practice exams.
- Attend college fairs in your area.
- When you narrow the list of schools you're interested in, schedule campus visits.
- Explore OKcollegestart.org and UCanGo2.org to learn more about paying for college. Start researching the colleges you're interested in and learn what types of financial aid they offer. Search and apply for scholarships on OKcollegestart.org and UCanGo2.org. We recommend juniors apply for one or two scholarships per week.

SENIOR CHECKLIST

- Talk to your family and school counselor about your goals after high school.
- Research grants and scholarships available through your school, business community and local civic organizations. Search and apply for scholarships on OKcollegestart.org and UCanGo2.org. We recommend seniors apply for two or three scholarships per week.
- Complete the Free Application for Federal Student Aid (FAFSA) as soon as possible after Oct. 1 of your senior year and prior to each year you need financial aid. The FAFSA is used to determine your eligibility for most federal financial aid, including federal (and some state) grants and scholarships.
- Visit FAFSA.gov to request a Federal Student Aid ID (FSA ID) and submit your FAFSA online.
- Submit admission and financial aid applications to the college(s) of your choice; pay close attention to deadlines.
- Review your Student Aid Report (SAR) for accuracy. Any inaccurate items need to be corrected, either at FAFSA.gov or by contacting your college's financial aid office.
- Respond quickly to any requests from colleges and universities for additional information.

Myths About Financial Aid

Don't fall for these myths about federal student aid and the application process.

"Federal student aid is just 'free money' like grants."

Reality: Federal student aid includes three different kinds of financial help: grants, low-interest loans, and work-study funds (a part-time job on or near campus). To learn more about the different types of federal student aid, visit StudentAid.gov/types.

"My parents make too much money, so I won't qualify for aid."

Reality: There is no income cut-off to qualify for federal student aid. Many factors—such as the size of your family and your year in school—are taken into account. And remember: when you fill out the Free Application for Federal Student Aid (FAFSA®) form, you're also automatically applying for funds from your state, and possibly from your school as well. In fact, some schools won't even consider you for any of their scholarships (including academic scholarships) until you've submitted a FAFSA form. Don't make assumptions about what you'll get—fill out the FAFSA form and find out.

"Only students with good grades get financial aid."

Reality: While a high grade point average will help a student get into a good school and may help with academic scholarships, most of the federal student aid programs do not take a student's grades into consideration. Provided a student maintains satisfactory academic progress in his or her program of study, federal student aid will help a student with an average academic record complete his or her education.

"I don't have good credit, so I can't get a student loan."

Reality: You don't need to get a credit check for most federal student loans (except for Direct PLUS Loans). Also, you won't need a cosigner to get a federal student loan in most cases.

"My ethnicity or age makes me ineligible for federal student aid."

Reality: There are basic eligibility requirements (which you can find at StudentAid.gov/eligibility), but ethnicity and age are not considered.

"My parents aren't U.S. citizens, so there's no way I'll get aid."

Reality: Your parents' citizenship status is NOT a factor, and the FAFSA form won't even ask you about it. If your parents don't have Social Security numbers, they must enter 000-00-0000 when the FAFSA form asks for their Social Security numbers.

"I support myself, so I don't have to include parent information on the FAFSA® form."

Reality: This is not necessarily true. Even if you support yourself and file taxes on your own, you may still be considered a dependent student for federal student aid purposes. If you are considered dependent, you must provide your parents' information on the FAFSA form. The form asks a series of questions to determine your dependency status. You can preview the questions at StudentAid.gov/dependency.

"I can't file my FAFSA® form in October because I haven't applied to any schools."

Reality: Actually, you CAN complete your FAFSA form before submitting any college or career school applications. You'll need to list at least one school on your FAFSA form, but go ahead and add every school you're considering, because some schools have early deadlines to apply for their limited funds. Then later, you can add or delete schools on your FAFSA form.

“I didn’t qualify for financial aid last year, so filling out the FAFSA® form again is just a waste of time.”

Reality: It’s super important to fill out a FAFSA form every year you’re in college or career school. Why? Because things can change. For instance, your school or state might create a new grant or scholarship, or the factors used to calculate your aid could change from one year to the next. Either way, if you don’t submit a new FAFSA form, you’re out of luck.

So what’s next?

Go to fafsa.gov and fill out the form. If you applied for admission to a college or career school and have been accepted—and you listed that school on your FAFSA form—the school will receive the information from your FAFSA form, calculate your aid, and send you an electronic or paper aid offer telling you how much aid you’re eligible for at the school.
