Notes:

Clinical Rotations begin on the first day of the month and end on the last day of the month.

Vacation: Residents may schedule vacation time (no more than 5 days per month) in any rotation block with the exception

- of:
- 1) The first 3 months of the first year
 - 2) Any two-week rotation (Urology, and Cardiology)
 - 3) Inpatient Medicine, House Officer, and Inpatient Pediatrics

Inpatient Medicine Service: This rotation PGY1s will be responsible to for completing all admissions and discharges from the following departments: internal medicine, family medicine, obstetrics/gynecology, pediatrics, and surgery.

2-week Rotation: These are specialty rotations, the first rotation will begin on the 1st and end on the 15th, and the second rotation will begin on the 16th to the last day of the month.

Possible Electives:

- Any rotation that furthers a resident's personal educational goals and is approved in advance by the Program Director. The elective request should be finalized 3 months prior to the rotation month.
- Elective rotations must be done in the continental United States where the Physician or Institution must be willing to sign and abide by our affiliation agreement for residency training.
