Don't forget!

Walk, Heritage Day are set for May 17

The Choctaw Nation of Oklahoma is holding its annual Trail of Tears Commemorative Walk and Heritage Day on Saturday, May 17 at Tushka Homma. With the two events combined, it will be a day packed full of fun and interesting events.

The Walk begins at 10 a.m. at the intersection of Hwy. 2 and Nanih Waiya Road. After the two-mile trek to the Tribal Capitol grounds, a free lunch of Indian Tacos will be served.

Cultural events are planned for the afternoon as well as demonstrations in basketweaving, beadwork, archery and blowgun. Special activities for children ten years old and younger are also planned.

Tour brings U.S. Assistant Surgeon General to Talihina

Dr. Walter A. Orenstein, America's Assistant Surgeon General and the Director of the National Immunization Program of the Centers of Disease Control and Prevention, recently made a stop at the Choctaw Nation as part of his tour during National Infant Immunization Week. Dr. Orenstein visited the Choctaw Nation Health Care Center in Talihina to view the tribe's immunization program efforts. Oklahoma and the Los Angeles area were the only two areas being highlighted by federal public-health leaders during the National Infant Immunization Week, yet the message they broadcast is of tremendous importance all over the world.

"There are many things parents want to give their children," said Orenstein. "But good health is perhaps the greatest gift. Vaccination is one of the most important ways a parent can protect their child's health. Vaccines are one of history's most successful and cost-effective public health tools for preventing serious disease and death. Diseases that were once commonplace, such as polio, measles, mumps, whooping cough, diphtheria and rubella, are now only distant memories for most Americans. Today, there are few reminders of the suffering, disabilities and premature deaths caused by disease that are now preventable with vaccines."

Dr. Walter Orenstein and Chief Gregory E. Pyle unveil the newest poster for the CDC's immunization promotions, which says "Protect the Circle of Life, Immunize Our Nations."

Tribe breaks ground for new Child Development Center

Shovels turned up the dirt on April 28 at the site of a new Choctaw Nation Child Development Center at Idabel. The 11,290-sq.-ft. center will be located on the U.S. 70 and U.S. 259 South Bypass, just west of the Independent Elderly Living Community. The facility will house a Head Start and Day Care and will also feature a storm shelter.

PWI is offering Job Readiness Training classes

Choctaw Nation Projects with Industry Program is offering Job Readiness Training classes to all Native Americans at two tribal locations in the near future. The course is approximately five hours in length and will begin at 9 a.m., ending at 3:30 p.m. The training includes, but isn't limited to, identifying strengths and weaknesses as an employee, how to locate potential job sites, how to complete job applications, job interviewing techniques, comple-

tion of resume, and job-keeping characteristics. A certificate of achievement will be given to all consumers who complete the class.

The PWI Program can assist many businesses that are looking for capable, dependable and prescreened employees. If a business agrees to hire an individual through this program, the program will be able to reimburse for on-the-job training at 100% of the employee salary.

**STIGLER CHOCTAW

**BROKEN BOW FAMILY

The business is encouraged to retain the individual in permanent employment at the end of the training period. Businesses can also take advantage of federal tax credits of up to \$4,000 per employee for employing Na-

tive Americans with a Certificate of Degree of Indian Blood (CDIB).

Disabled Native Americans who have a CDIB and are looking for employment are urged to take advantage of this program. Individuals found eligible can benefit from several services offered such as on-the-job training, job placement, job searches, counseling and guidance, and job readiness classes.

This program can assist Native

Americans with disabilities which may include diabetes mellitus, alcohol abuse/dependency, orthopedic, mental health, high blood pressure and many more which are too numerous to mention. Applicants must reside in the 10 1/2 counties of the Choctaw Nation. For further information on services available through the Projects with Industry Program, contact Randy Hammons or Angela Dancer at 580-326-7758 or 877-285-6893.

Council okays funding for several programs

The Choctaw Nation Tribal Council met in Regular Session on April 12 to authorize funding for several tribal programs, including the Trail of Tears Walk and Heritage Day celebration scheduled for May 17 at Tushka Homma.

Modifications of the Upward Bound Math and Science budget and the Vocational Rehabilitation budget were also approved.

Submission of grant applications for C.A.R.E.S. and the Tribal Victim Assistance Program were authorized, and partial funding for the 2003 Native American Jr. Golf Camp was approved.

The next session of the Tribal Council will be May 10.

Inter-Tribal Council meets

The Inter-Tribal Council of the Five Civilized Tribes met for its quarterly meeting on April 11 in Durant. Three resolutions were introduced. With approved amendments, Resolution 2003-01 gives Chickasaw Governor Bill Anoatubby and IT Treasurer Terri Haney authorization to conduct any exchanges and transactions on behalf of the Council of its stock certificates and other transactions.

Resolution 2003-02 was approved in support of the Rural Elementary Schools' efforts to neutralize the State Legislature's annual initiatives to stop any further attempts by the State Legislature to consolidate Oklahoma's rural elementary schools.

Resolution 2003-03 was also approved with amendments. The Council Bill states the Inter-Tribal Council's opposition of HR 1261 in its current form. As stated, HR 1261 would prohibit the right of the Native American Employment and Training Council to be consulted on the appointment of a person to head the Division of Indian and Native American Programs in the Department of Labor and also would force WIA Native American grantees to turn over a portion of their Section 166 funds to state governments and to local Workforce Boards while denying Native American one-stop partners representation on the state board.

Needing information

Dear Editor,
I am looking for any information about my father's father's mother. Her name is Mary Ellen Parson, born October 25, 1863 in Georgia. I was told she is of the Cherokee tribe. She married John William Williamson. They lived in Okmulgee, Oklahoma and had four children, Monte Zuma, Clark, John and Jewel. Mary Ellen Parson died June 26, 1928 and is buried in Bixby, Oklahoma. Any information about my great-grandmother's family would be greatly appreciated. Thank you.

Family appreciates Choctaw Nation

Dear Chief Pyle,
We would like to say thank you and tell you how much we appreciate you and Assistant Chief Mike Bailey. The unexpected death of our son, Matt, was tragedy enough and to have assistance through your programs was a blessing from God. We appreciate two of your employees, Oma Clay and Randy Hammons. They came to our home on Christmas night to assist us, console us and just offer a helping hand. If it were not for them we would have not known about the wonderful programs the tribe has.
We would also like to say thank you to Adeline and Lorne Hudson for their support and kindness during our sad times.
Thank you again for everything you and your employees have done for us. You'll never know how our family appreciates the Choctaw Nation.

Bill and Sue Duncan, Spencerville, Oklahoma

Group appreciates assistance

Dear Chief Pyle, Assistant Chief Bailey and Tribal Council,
There are opportunities in life that you know are only going to present themselves once. Eastern Gate was given one of these precious, rare times. However, along with this opportunity we were faced with an issue of financing. Your belief in this group to help us in this area has been so humbling. We have no idea what God has in store for us, but your part in this will always be acknowledged and never forgotten. Thank you so much.

Use of computer a big help

Dear Editor,
I would like to thank Chief Pyle, the Vocational Rehabilitation office, and especially Darryl Brown for the use of a computer. The computer is a tremendous help in completing homework assignments and, hopefully, to start my own web page design business.

Dream of water in homes becomes reality

Dear Editor,
On behalf of John and Luvena Labor, Shannon Petty, and Robert and Janice Petty, I would like to say "Thank You" to Charlotte Jackson, Jason, Sherman Ward, and others whose names I do not know for their efforts in getting water to our homes.
My parents, John and Luvena Labor, have carried drinking water for more than 32 years. We have carried drinking water for 30 years. Ms. Jackson kept encouraging us and assuring us that one day we would have water. Finally, in December 2002 it became a reality.
Again, thank you to everyone who had a part.

Wanting information on ancestor

Dear Editor,
I am trying to find out if anyone knows who my great-great-great-grandfather was. He was married to a Sophia Folsom. Their son was Joseph Moore, born in 1833. Joseph was married to Mary E. Rider. Their children were Thomas David, Jessie L., Sophia E., William H., Jacob O., Lou, Becky, Joseph Robert and John Henry. If anyone knows who Joseph's father was, I would be forever grateful.

Pray for the men and women who are defending our country

Dear Chief Pyle,
I want to express my appreciation to you and the people who made it possible for me to receive my veteran jacket.
I live in Lawton and in the recent days we have seen many soldiers who have left to help defend our country and help us enjoy the freedoms we enjoy in this great country.
I encourage all the people to pray for these men and women and the families they leave behind.
I am proud that I had the opportunity to serve my country in the Army and I wear my jacket with pride that I am a veteran and a member of the Choctaw tribe.

Thankful to Higher Ed Department

Dear Choctaw Nation,
I just wanted to thank you from the bottom of my heart for the grant that my grandson received. I am his sole support for college tuition and I am a widow on limited income. Joshua Sanders, my grandson, also says "thanks." I faithfully read the newspaper that the Choctaws send and it sounds like they are really into education. My opinion is that it is so important to get a good education. It would not have been possible without your help. I would like to say thanks to Krystal who helped us through the paper work. She was very kind and understanding. Thanks to all who had a part in this.

Honor Guard attends funeral

Dear Chief Pyle,
Thank you for the letter I received on March 27 concerning my husband's death. Thank you and the Choctaw Nation for all of your help after my husband became ill. The Choctaw Honor Guard was at the funeral to give the gun salute and prayer and present me with the flag. We were so proud and impressed that the Honor Guard would travel so far to be there. Dan had never been acknowledged in any way for his service in the Korean War. He would have been so proud to know he was honored as a Choctaw veteran. Thank you.

Blessed to live in Choctaw Nation

Dear Chief Pyle,
On behalf of the family of Jered Dillard and the four individuals who are alive today because of the lifesaving organ transplants they received due to his gift, I want to thank you for your generous gift and support of the event held on March 1 to honor them.
Linda Penz and all of the staff at the Choctaw Inn and Three Arrows Restaurant went beyond anything we expected in making these people very comfortable in an emotionally charged situation. The lunch they served was delicious and I am still getting comments from all of them about the superb treatment they received.

Thanks to your support, we were able to stage an event that spread the message of the need for organ donation and the legacy of Jered Dillard nationwide. You continue to prove that you are an invaluable neighbor and that God has blessed us to live in the Choctaw Nation.

David W. Taylor, Durant, Oklahoma

Parenting seminar very insightful

Dear Editor,
I would just like to say "Thank You" to the Choctaw Nation Child Care Assistance Program. They recently hosted a parenting seminar along with OSU that lasted for about six weeks. Every time we met there was a light dinner and a door prize at the end of the session - all provided by the Child Care Program. The sessions were very insightful. After the sessions had all ended, I received two books for my little boy, also courtesy of the Child Care Program. One of them was "Bob the Builder," which he really loves!

Prevention is the key to good health

Health Services throughout Indian Country, including the Choctaw Nation, have placed a high priority on preventative health efforts to head off serious illness and to promote a general state of wellness within the communities where tribal members live.

This effort is beginning to produce results with measurable results such as lowered blood sugar levels in diabetics, reduced num-

ber of lower limb amputations and blindness in diabetic patients.

Additional funding in the Diabetes Initiative, beginning in 1997, has proven that additional dollars for health care of Indian people equates to healthier Indian people.

Prevention remains the key. I feel that health services for Native Americans in Oklahoma are at a critical crossroads. A great

number of Indian people are accepting personal responsibility in preventative measures to maintain a mode of wellness.

It is extremely important that this willingness to maintain a state of good health be supported with adequate funds to treat serious illness and resources to adequately detect potential life-threatening illnesses before they become serious and require great expense

to provide acute and chronic treatments.

I have been asked to testify this month to the Department of Health and Human Services on the national level. The testimony that I plan to submit will ask that more adequate funding be placed in budgets which serve the programs that offer health care to tribal members.

There is a tremendous need for specialized services such as orthopedic care, cardiovascular procedures and cancer treatments. Hopefully, Congress will appropriate health funds in the future that can better meet those needs.

CM/SE involved in war effort

War affects us all. Media reports seem to put all of us on the front line. Indeed, many of our heroic tribal members who have served and fought in wars undoubtedly must relive the extraordinary emotions that they had experienced.

Watching the war progress, I am in awe of our veterans and soldiers. There are no accolades to describe their courage, bravery and sacrifice. We can only thank them for their service to their country.

Although we are far from the Iraq battlefields, the Choctaw Nation and its businesses are very much involved in the war effort. Operation Iraqi Freedom has directly affected Choctaw Management/Services Enterprise (CM/SE). Recently CM/SE was awarded a contract to provide physicians and other medical professionals to military installations. These medical professionals will stand in for those professionals who have been deployed overseas.

There are more very interesting events associated with the Nation, our businesses and Operation Iraqi Freedom. On March 24th at Incirlik Air Force Base,

Turkey, the CM/SE Family Advocacy Program Nurse and Social Worker were evacuated along with all other non-combatant family members living and working at Incirlik. The CM/SE nurse, Susanne Berrong, escorted three children back to the United States. The children's parents were single service members who remained at their duty stations in Turkey. Coincidentally, Susanne is an Oklahoma native and Matt Novick has arranged for

her to work as a nurse at the Choctaw Nation Health Care Center in Talihina, Oklahoma until such time when she will be permitted to return to her home in Turkey.

The contribution of the Choctaw Nation to this and every war in recent history is a proud part of our heritage. Going the extra mile for our service members and their families is what I expect of all of us. Our service members deserve nothing less.

Chaplain's Corner

By the Rev. Bertram Bobb, Choctaw Tribal Chaplain

It is a privilege to meet Choctaws with Chief Pyle and Tribal Council Members in various gatherings and meetings, in dedications of grounds and buildings. The Choctaw Nation of Oklahoma continues to grow.

It is always a challenge and blessing to share God's plan and purpose from His Word for spiritual growth. God has given to us so many wonderful promises.

The Bible teaches that a life of inward rest and outward victory is a Christian's birthright. Christianity was never meant to be something to make people miserable but rather something to make them happy.

Yet for many people the Christian life is not an entirely joyous affair. Someone has said, "You Christians seem to have a religion that makes you miserable. You are like a man with a headache. He does not want to get rid of his head, but it hurts him to keep it."

Some of you remember the day you trusted Jesus Christ as your personal Savior. You were sure of victory then. How easy it seemed! You said as Paul said in Romans 8:37: "... we are more than conquerors through Him that loved us."

Yet how different has your real experience been! Victories have been few and defeats many. You have not lived as you believe children of God ought to live. You may have a clear understanding of Biblical truth, but you have not experienced the power of that truth. You may believe in Christ and even talk about Him, but He is not filling you with His presence hour by hour. Many Christians have yet to experience His power from sin. Deep in their hearts many believers know that such defeated living is not the Scriptural experience.

It seems that all many people expect from their Christian life is a life of discouragement and defeat. One hour they try to live the Christian life, the next hour they fail, the next hour they repent and begin again, only to fall again, and again. Soon the current level of Christian living is a constant source of embarrassment to those who are engaged in Christian service.

Are we Christians going to preach and talk of all the power of Jesus, yet never really have that power to be a real testimony to Him?

It is written in the Scriptures that the early church was filled with the Holy Spirit in those days – without Bibles, church buildings, automobiles, planes, television or radio – Christians turned their world upside down for their Lord.

They were vigorous – powerful. They lived their lives daily for the glory of God. They gladly suffered persecution, and even death, for their faith in Jesus Christ.

Today's Christians are not living up to the standard set by the early church. We have failed to meet the requirements that Jesus set forth. If we are ever to rise to the level of vitality that God desires for our witness for Him, it will have to be done by a church whose individual members have yielded their lives completely and fully to Jesus Christ.

Unbelievers are confused as they see the strife within and between religious bodies. Instead of

seeing a dynamic, growing, powerful Christ-centered church, they see divisions, discord, pettiness, greed, jealousy and spiritual laziness, while the world is tottering on the brink of disaster.

The great need today – whether the Native American, America, or any nation – is for Christians to learn the secret of daily victory over sin. Too many are burning up their energies in struggles within themselves.

Paul spoke of his struggle, he spoke of his desiring to please God, but of not being able to do so (Romans 7:7-25). The things he did not want to do, he did, and the things that he wanted to do, he did not do. Nearly driven to despair, he cried out in Romans 7:24, "... who shall deliver me from the body of this death!" And immediately He records God's answer to that all important question when he said, "I thank God through Jesus Christ our Lord..." Jesus Christ was and is the Deliverer.

Today you may be thinking or asking, "Why as a Christian do I do some of the things I find myself doing?" "Why do I as a Christian leave undone the things that I ought to be doing?" You even name the name of Jesus Christ, but you are living in continuous defeat. You have unclean hands, unclean lips, an unclean tongue, unclean feet, unclean thoughts and an unclean heart, and yet you claim to be a Christian.

You claim Christ, you attend church, you try to pray, and yet

you know that there are things in your hearts that are not right.

The unsundered Christian stands condemned for what he does not do more than for what he does. He is unconcerned about the souls of men. This unconcern stamped upon his life marks the essential difference between himself and the consecrated Christian. He may be willing to fight and argue, but when it comes to faithfulness, power and support, he is not there. May God have mercy upon us, forgive our sins and set us on fire for Him in this desperate time we're living.

There are Christians who have never learned the secret of daily devotional life. Your quiet time (your prayer time and the time you spend reading the Bible) is essential to a happy Christian life. Discover what a joy it is to walk in the way of Christ. You may ask, "How can I do this?" It is to completely give your all to Jesus Christ. There needs to be confession of sin and a complete yielding of every area of life and will to Jesus Christ. Your response will make the difference between success and failure in your spiritual life, it will make the difference between your needing help and being able to help others.

Will you give yourself wholly to God through Jesus Christ? You do this by faith.

Pray for our Native American people. Pray for America. Pray for courage, strength and wisdom for our leaders as they lead our nations.

Burris is most decorated soldier of Korean War

During an episode of the television show, “Jeopardy,” last year, contestants were challenged on their knowledge of who was the most decorated soldier of the Korean War. The answer: Who was Tony K. Burris?

Following is a reprint of a newspaper article submitted by Burris’ younger brother, Sidney.

The Medal of Honor is the highest distinction which can be awarded to a member of the Armed Services of the United States. It is presented by the President, in the name of Congress, to an individual who while serving in the Armed Forces “distinguished himself conspicuously by gallantry and intrepidity at the risk of his life above and beyond the call of duty.”

Tony K. Burris was posthumously awarded the Congressional Medal of Honor on May 19, 1952. It was presented to Sidney S. Burris of Blanchard by General Omar Bradley at the Pentagon in Washington. Tony was also posthumously awarded the Silver Star on October 11, 1951. On November 26, 1951, Tony was posthumously awarded the Purple Heart.

I would like to thank Betty (Binyon) Lewis for telling me of the publication she and Genelle (Bayless) Richey prepared as a memorial to Tony Kenneth Burris. She called the Blanchard High School Library and made the arrangements for me to pick the book up. I thank the librarians of the school also for their cooperation. I also reviewed old newspaper articles and spoke with friends and classmates of Tony and the Burris family still living in Blanchard.

Tony Kenneth Burris was born May 30, 1929 near Blanchard. He was among four sons and six daughters of Samuel and Mable Burris. Samuel Sidney Burris, Jr. and Mable Agnes Curry were

married near Blanchard and resided in the Bridge Creek and Blanchard communities all their married lives. Sidney finished the ninth grade and Mable graduated from Blanchard High School. Their children were the following: Loretta, Wanda Lou, Tony Kenneth, Burnett, Joyce Joan, Karen Jane, twins Terry Doyce and Perry Royce, and twins Diana Judy and Catherine Jennifer. Eight of the Burris children graduated from Blanchard High School.

After Tony graduated from Blanchard High School in 1947, he worked with his sister at Carey Lumber Co. in Norman, Oklahoma. Of the \$35 a week he earned driving a truck, \$30 was sent home.

In July 1950, at the age of 21, Tony Burris volunteered for the Army joining a friend for basic training at Fort Riley, Kansas.

By January 1951, he was on the front lines in Korea. After fifteen months in the service of his country, he died a hero’s death in the infamous area of Heart-

break Ridge, Korea.

Medal of Honor – Tony K. Burris was born and entered service at Blanchard, Oklahoma. Rank and organization: Sergeant First Class, U.S. Army, Company L, 38th Infantry Regiment, 2nd Infantry Division. Place and date: vicinity of Mundungni, Korea 8 and 9 October 1951. G.O. No. 84, 5 September 1952.

Citation: Sfc. Burris, a member of Company L, distinguished himself by conspicuous gallantry and outstanding courage above and beyond the call of duty. On 8 October, when his company encountered intense fire from an entrenched hostile force, Sfc. Burris charged forward alone, throwing grenades into the position and destroying approximately 15 of the enemy.

On the following day, spearheading a renewed assault on enemy positions on the next ridge, he was wounded by machinegun fire but continued the assault, reaching the crest of the ridge ahead of his unit and sustaining a second wound.

Calling for a 57mm. recoilless rifle team, he deliberately exposed himself to draw hostile fire and reveal the enemy position. The enemy machinegun emplacement was destroyed. The company then moved forward and prepared to assault other positions on the ridge line. Sfc. Burris, refusing evacuation and submitting only to emergency treatment, joined the unit in its renewed attack but fire from hostile emplacement halted the advance.

Sfc. Burris rose to his feet, charge forward and destroyed the first emplacement, and throwing his last grenade which destroyed the position, he fell mortally wounded by enemy fire. Inspired by his consum-

mate gallantry, his comrades renewed a spirited assault which overran enemy positions and secured Hill 605, a strategic position in the battle for “Heartbreak Ridge.” Sfc. Burris’ indomitable fighting spirit, outstanding heroism, and gallant self-sacrifice reflect the highest glory upon himself, the infantry and the U.S. Army.

From the Blanchard News, Thursday, February 14, 1952:

Friends thronged the First Baptist Church here Monday to pay final respect to Blanchard’s first hero killed in the Korean Campaign. His schoolmates, throngs of friends, and members of the American Legion attending in a body to pay tribute to this hero.

Rev. Elzie Periman, pastor of the Pleasant Hill Baptist Church, officiated at the service and his close friends and schoolmates acted as pallbearers, they were: Dickie Clanton, Jack Stephens, Connell Roberts, H.A. Moss, Kenneth Whitford, Estel Allen and Junior Moon.

A military detail from Tinker Air Field conducted the military graveside service with the customary 21 honorary gun salute and the grim still notes of taps, echoing forever Tony’s loyalty and high service to his country.

Named for Burris is a building in Seoul, Korea; a field and dayroom at Fort Lewis, Washington; an Army Reserve Center at Chickasha and VFW Post at Blanchard.

In witness whereof, I hereto set my hand and caused to be affixed the official seal of Tony K. Burris Post 3608 Veterans of Foreign Wars of the United States this 26th day of May, 1981.

Needed changes are made in scheduling appointments with tribal health services

At Choctaw Nation Health Services, we are striving to provide health care to all patients when needed. We want to ensure every patient has the ability to access health services in a timely manner. This initiative has resulted in some needed changes to the appointment scheduling process. Starting April 1, each patient should attempt to arrive 30 minutes early to ensure all processing is completed prior to the appointment. If a patient checks in 15 minutes or more past the scheduled appointment time, the appointment must be cancelled. However, the patient can still wait and see if there is a no-show or reschedule the appointment to another date. If the patient feels he or she is caught up in an emergency, care should be sought immediately in our emergency department. Should the patient have multiple appointments in different clinics, each will be scheduled at least two hours apart. A patient can schedule up to three appointments in one day. Same day appointments will be scheduled for a 15-minute time slot. A patient will be treated for his or her primary complaint during same day appointments. Should the provider determine that more care is needed, schedules will be adjusted accordingly.

Over the past year, we have experienced a significant growth in our outpatient volume. As the demand for care grows, it becomes increasingly difficult to schedule an appointment when needed. The above changes are designed to ease some of these difficulties. We ask that you work with us as we do our best to meet your needs with high quality, accessible, cost effective healthcare.

Mobile Wellness Center endorses Men’s Health Week June 9-15

National Men’s Health Week is celebrated each year as the week leading up to and including Father’s Day. Passed by Congress and signed by President Clinton in 1994, this week is a recognition that men’s health needs impact not only the man but his family and friends as well.

Many men are reluctant to visit their doctors for routine check-ups for a variety of reasons, including embarrassment of discussing health issues, fear, and lack of knowledge and information about their health and bodies.

This is illustrated by government statistics which show that men visit the doctor 150 million times less frequently than women per year. And, a high percentage of the physician visits made by men are for injuries suffered on the job, at home, or at play, reflecting the more dangerous nature of men’s work and recreational activities. Unfortunately, these “emergency room” type visits do not result in comprehensive health examinations nor are they conducive to the kind of health care discussions so necessary between physician and patient.

Compared with women, men

are less knowledgeable about health, less physically active during ages 35-54, less likely to use sunscreen, twice as likely to die of skin cancer, three times as likely to be alcoholics, suffer heart attacks 10 years earlier, are five times more likely to commit suicide, are nine times more likely to die as the result of a job related injury, and die seven years earlier.

Additionally, when men do seek medical assistance, they are more likely to cancel follow-up appointments, more likely to play down the severity of symptoms, and less likely to finish their prescriptions.

Prevention and early detection seem to be the keys to good health and high survival rates. Prostate and testicular cancer survival rates are a good example. Early detection of prostate cancer is critical to the preservation of life and health care strategies for those at risk of prostate cancer. Additionally, there is an 87 percent survival rate for testicular cancer if detected early.

Men’s health is not just a man’s issue. Because of its effect on wives, mothers, sisters, daughters and others, it is also a woman’s issue. Women can help

men live longer by becoming aware of their specific health needs and ensuring that the man in their life seeks age appropriate health screening and timely treatment for medical problems.

The staff at Choctaw Nation Health Care Center challenges all men to call and make an appointment today for your annual health screenings/physical at your nearest medical facility. Eligible patients may call Talihina Hospital Family Practice Clinic at 1-800-349-7026 or 567-7000, McAlester Clinic 1-918-423-8440, Poteau Clinic 1-918-649-1100, Broken Bow Clinic 1-580-584-2740 and Hugo Clinic 1-580-326-7561.

Land Retirement Signup now under way

The first opportunity since enactment of the new Farm Bill to enroll land in U.S. Department of Agriculture’s Conservation Reserve Program is now under way. Signup at the local FSA office will be in progress through May 30.

Several significant changes have been made in the program which has increased the amount of land that is now eligible for enrollment. Rental payments normally range from \$30 to \$45

per acre per year. Although the land enrolled ordinarily cannot be hayed or grazed, the new program allows producers to have a managed hay or grazing plan in one out of every three years. Several highlights of the program are listed below.

- The land must have been farmed or considered farmed in four out of the past six years. Considered farmed now includes cropland that was planted to grasses or summer fallow.

- The land must ordinarily be highly erodible. However, land located in the Blue River and Island Bayou drainage area can be enrolled even if it is not highly erodible. This includes land in Pontotoc, Johnston, Atoka and Bryan counties in South Central Oklahoma.

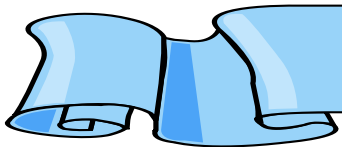

For more information concerning the program, contact your local FSA or NRCS office located at your USDA Service Center.
