

Choctaw Nation of Oklahoma Department of Public Health Reportable Communicable Diseases and Conditions

- Alpha-Gal Syndrome
- Syphilis
- Spotted fever rickettsiosis (e.g., Rocky Mountain spotted fever)
- Measles (rubeola)

The above listed conditions and deemed reportable to the Choctaw Nation of Oklahoma Public Health Department. Conditions deemed reportable must be reported to the Choctaw Nation by all Healthcare Providers or Administrators of Healthcare Organizations (HCOs) operating within the jurisdiction of the Choctaw Nation Reservation in a timely manner.

For questions or concerns surrounding reporting requirements, please contact CNO Public Health Disease Surveillance at DiseaseReporting@CNHSA.com.

All cases must be reported to Choctaw Nation Public Health via electronic case reporting (eCR).

Please note, reportable conditions and/or requirements are subject to change.
Condition List Current as of December 15, 2025.
