Petition No. CB-27-25
Proposition Number: 2025 003

This proposal amends Article VIII, Section 2 of the Choctaw Constitution by removing the individual land descriptions for the twelve (12) Districts within the Choctaw Nation Reservation boundaries. The current description of the twelve (12) Districts and land they embrace is no longer accurate due to reapportionment by Tribal Council, which is within Tribal Council's power. Removing the individual land descriptions for each District and providing the Tribal Council's general authority to determine the area each District embraces by making these amendments makes the Choctaw Constitution more accurate and clearer.
