

House of Representatives  
STATE OF OKLAHOMA

November 5, 2024

Federal Energy Regulatory Commission  
888 First Street NE, Room 1A  
Washington, DC 20426

Dear Commissioners:

We, the undersigned legislators, strongly oppose the proposed hydroelectric power plant in District 19, primarily funded by foreign investment from China. This project threatens the displacement of approximately 500 residents through eminent domain and poses significant environmental risks to the Kiamichi River, one of Oklahoma's most vital natural resources. Our recent study held in the House Energy and Natural Resources Committee on October 30, 2024, address Southeastern Oklahoma citizens who have expressed serious concerns about a hydro- power plant being proposed at the Kiamichi River,

We stand united with the Choctaw Nation, Congressman Josh Brecheen, and Attorney General Drummond in calling for immediate action to halt this project. It is essential to prioritize the rights of our residents and the health of our environment over foreign profit. We urge you to join us in protecting our community and preserving our invaluable natural resources.

Sincerely,

Handwritten signature of Justin JJ Humphrey in blue ink.

State Representative Justin JJ Humphrey  
District 19

Handwritten signature of Senator David Bullard in black ink.

Senator David Bullard  
Senate District 6

Handwritten signature of Brad Boles in blue ink.

State Representative Brad Boles  
House District 51

Handwritten signature of Eddy Dempsey in blue ink.

State Representative Eddy Dempsey  
House District 1
